SUMMARY

ICT student at Bangladesh University of Professionals who builds fast, responsive web apps with Next.js, React and Tailwind CSS. Has designed, built and deployed four projects on Vercel and uses AI tools to speed up development. Aiming to grow into an AI-driven full stack engineer.

PROJECTS

FitLog – Workout Library — **Next.js · Tailwind CSS**

- Dark-theme workout app with 12 exercises, duration sorting and My Plan / Saved counters, built from a Figma design.
- Live: fit-log-gold-nine.vercel.app · Code: github.com/Saqlaine-Sami/fit-log

Bazardor – Market Price Tracker — **Next.js · Tailwind CSS**

- Bangla website showing daily prices of essentials with price ticker and rising/falling sections.
- Live: bazardor-sami.vercel.app · Code: github.com/Saqlaine-Sami/bazardor-Sami

MovieExplorer — **JavaScript · React · REST API**

- Search movies and TV shows with ratings, release years and a details view.
- Live: movie-explorer-lac-psi.vercel.app · Code: github.com/Saqlaine-Sami/movie-explorer

Dev Stack Builder — **JavaScript · React · Tailwind CSS**

- Explore technologies and assemble a personal tech stack with an "Add to Stack" panel.
- Live: dev-stack-builder-gihi.vercel.app · Code: github.com/Saqlaine-Sami/dev-stack-builder

EDUCATION

B.Sc. in ICT – Bangladesh University of Professionals (BUP) — **2026 – Present**
HSC (Science) – BPATC School & College · GPA 5.00 — **2024**
SSC (Science) – Chapain New Model High School · GPA 5.00 — **2022**

EXPERIENCE

Independent Web Developer — **Ongoing**

- Built and deployed 4 responsive web apps; integrated REST APIs; managed code with Git and GitHub.

Founder & Content Creator – PromptForge — **Ongoing**

- Creates content on AI tools, automation and productivity; plans branding and content strategy.
